Dear Mr Ambroase,

I, Dr. Lochan Karki, as the General Secretary of Nepal Medical Association (NMA) am proud to announce NEPAL MEDICAL ASSOCIATION's partnership with the philanthropic foundation HUMANS OF OUR WORLD. Upon meeting, the founder of Humans of Our World Pritan Ambroase and the Director Derick Welsh, and collaborating with their organization, at the October 2018 Ghyachchok Medical Camp, which was a tremendous success, we are convinced that our partnership will be an extremely successful one, for the sake of humanity. Our further discussions in Kathmandu, has also allowed us to take notice of our aligned goals in the field of providing quality medical care to all.

The Nepal Medical Association and its team hope to continue collaborating with Humans of Our World, their team, Founder Pritan Ambroase, Director Derick Welsh, and their official celebrity spokespersons Dame Judi Dench, Joanna Lumley OBE, Bear Grylls, Amanda Holden, Adrien Brody in future humanitarian projects that unites our world and makes it better for all regardless of segregation and differences.

We look forward to future collaborations.

Yours Sincerely,

--
Dr. Lochan Karki
General Secretary
